THE KARIMS

A SPORTING DYNASTY

Back cover

THREE GENERATIONS • TWO SPORTS • ONE FAMILY

The Karims traces the story of one family that has made remarkable contributions to the Kenyan sporting circuit.

In the Karim household, sport was an integral part of life, from backyard, father-son games to larger sporting arenas. Each generation of the family has shouldered the responsibility of keeping this legacy alive.

This book is just one of the many forms of celebrating it.
